

Painting *Commercial*

Program Description

The Painting and Decorating Level 1 technical training program provides an overview of the painting industry. Students are introduced to common coatings, surface preparation techniques, and proper use of the tools and materials used in this trade, including airless spray. An extensive safety program includes respirator training, fall protection, ladder and scaffold training, elevated platform training and WHMIS.

Upon successful completion of this foundation program, students will achieve technical training credit for the first of three levels towards Red Seal certification and can seek employment as apprentices.
